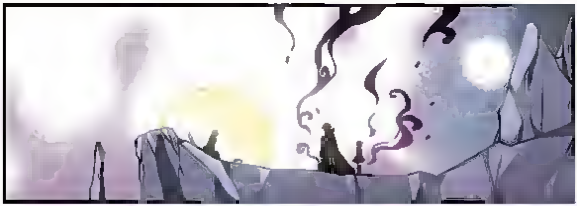
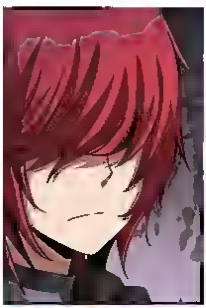
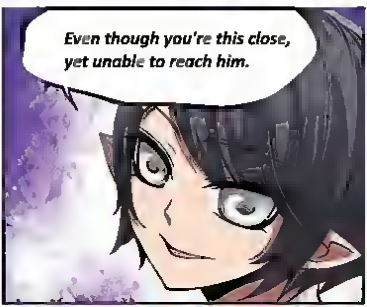
ACT71. Corroded Heart

You sure, it's this way?
Correct.
I can smell.....
A portion of that scent.....
Nn!
What's wrong, Miss Christine?
This strong and unbearable scent.....
Something very bad appeared.



Aiyaya~
Isn't he that Salaman~



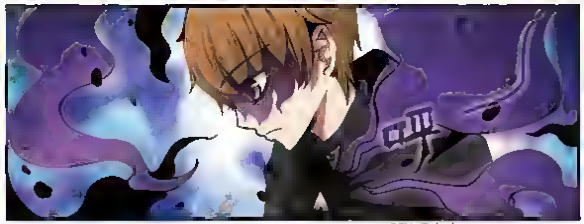


Even though you're this close, yet unable to reach him.

How pitiful, young mister.....
Is your power not enough?
I can give it to you~
Do you want even more power? It's possible.....
Even though it would cause side effects on the human body,
But.....Since you're already like this, it's not like you would worry about becoming worse.

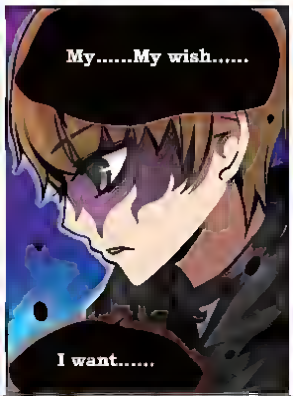
As long as you ask, I'll be able to give you power.
Lots and lots of it.
Is it really this direction? I don't see anything.....
That way.
Ah, it's really them!
They're really far.
We can't get close.
The demon clan is there.

The demon clan?!
-----The demons with human form that's spoken of in the legends?
They, how could they enter the academy's protective barrier! They should be immediately found out!
They sealed themselves using some secret method. Their current magic..... Is only a small amount.
That's why, the protective barrier is not able to detect their prescence.
However.....They can grant others "power"
Using and enticing lost people, to do their tasks.



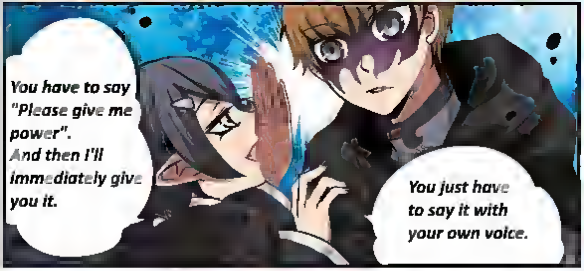
SFX: Exhale

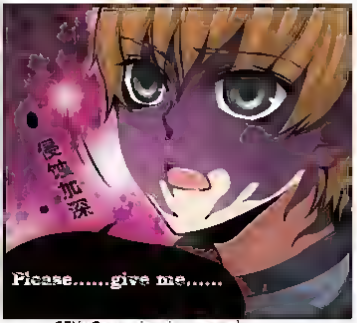
Well?
Quickly decide, and speak your wish.



My.....My wish.....
I want.....

You want more power is it?





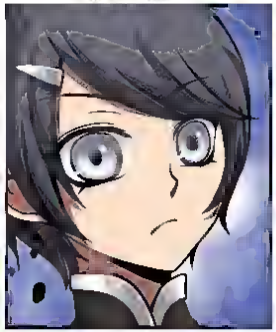
SFX: Corrosion increased

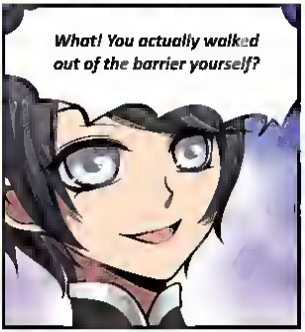
Don't do anything stupid.

SFX: SLAP!!
SFX: Recede
消退

破……

SFX: Broken.....

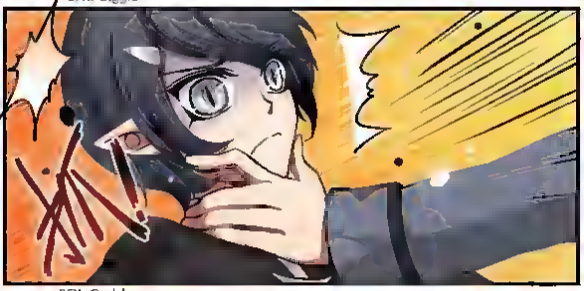




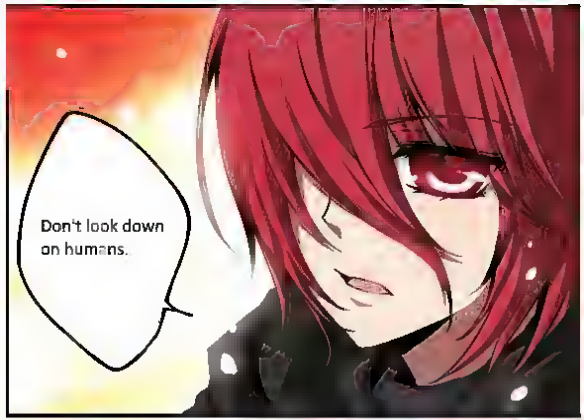
What! You actually walked out of the barrier yourself?

Hahahahaha, how hilarious! Isn't this just looking for your own death? This guy's a idiot!

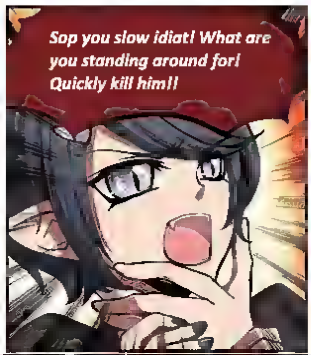
SFX: Giggle



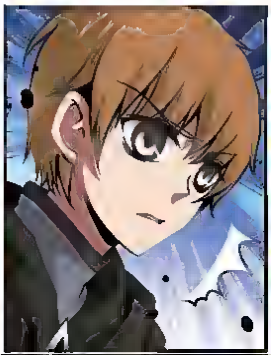
SFX: Grab!



Don't look down on humans.



Sop you slow idiot! What are you standing around for! Quickly kill him!!



SFX: Swish, Swish

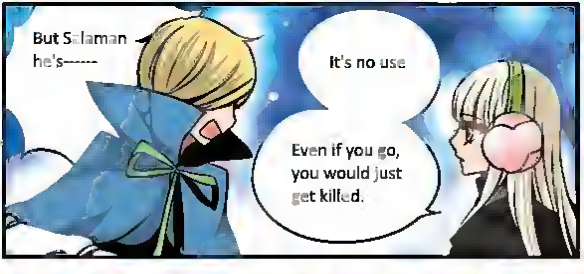
SFX: Tjed!, Swish!

This is bad, Salaman got captured!
Let's hurry and save him!
Alright!

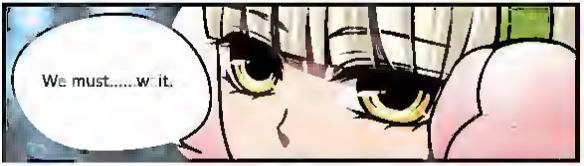
Calm down.

Why can't we go?!

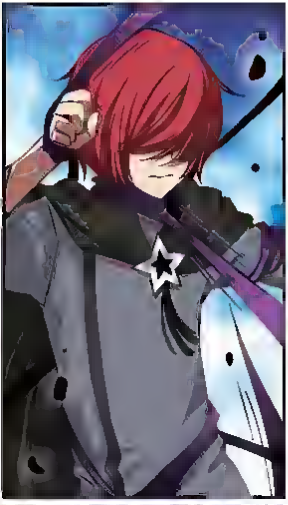
You guys are no match for him.

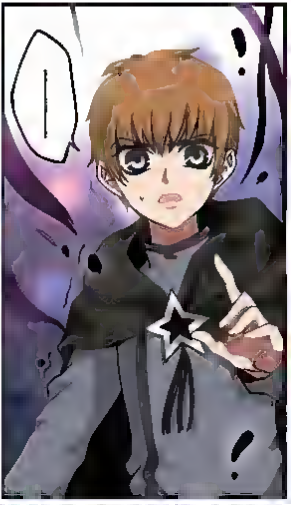


But Salaman he's------
It's no use
Even if you go, you would just get killed.



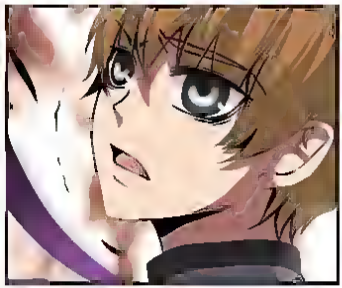
We must.....wait.

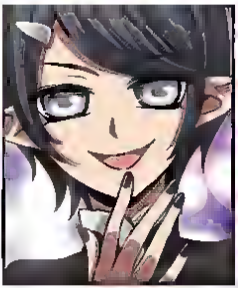




Hurry and do it! What are you still considering about? Isn't he the one you always wanted to get rid of!
JUST KILL HIM!

SFX: Pierce





Seriously.
Wasted so much of my time.

You satisfied, Sap?
The person you always wanted to kill finally died. From now on, you got to work even harder for us.

Go destroy this abyss, just seeing it makes me sick.
Once you return, wait for our new mission.
Bastard.....
Xiao Zi, hurry.....

SFX BOOM!!

This explosion? It's from the Abyss of Light.....

Class pres Sap? Why is it only you.....Where's the others?

They.....
Got attacked by demons, and even the whole abyss collapsed.....
The demons were just too strong.....
掏出
SFX: Takes out
I was only able..... to bring back this.

Good Luck, Demon King!
